My apologies; I was out all last week. LM agrees that a review of coverage should be reviewed by counsel. LM has internal counsel; however, if outside counsel is suggested; will need contact information and name to get approval.

Market,

After, further review of Endorsement for Interruption by Communicable Disease I believe it is best to engage coverage counsel moving forward.

Interruption by Communicable Disease:

This policy is extended to cover the reasonable and necessary expenses incurred by the Insured to:

- a) Clean up, remove, and dispose of communicable diseases from insured property at a described location; and
- b) Restore the premises;

In a manner to satisfy the minimum requirements of any law or ordinance regulating communicable diseases. This policy is also extended to cover business interruption (if provided) loss directly resulting from items a) and b) above.

There seems to be a good chance Business interruption coverage will be triggered. I think we all agree. However, there is question based on language of the endorsement that is not straight forward specifically speaking to business interruption.

Will coverage for BI be limited to the Sub-limits of \$2.5M?

On the other hand does the endorsement open coverage speaking to BI limits and Extra expense pertaining to the base policy \$20M?

Market thoughts?
